THE

SOUTH-CAROLINA GAZETTE,

Containing the freſheſt Advices, Foreign and Domeſtick.

Monday, *July* 14*th*, 1746. [*Numb.* 642.]

BOSTON, June 2.

On Thurſday laſt his Excellency the Governor was pleaſed to make the following Speech to both Houſes, *viz.*

Gentlemen of the Council and Houſe of Repreſentatives,

I TAKE this Opportunity of your firſt Meeting in General Aſſembly, to acquaint you, that on Monday Evening laſt, I received a Letter from the Duke of *Newcaſtle*, by His Majeſty's Snow *Hinchinbrook*, ſent Expreſs from *England*, with that and other Letters to the Governors of his Majeſty's Colonies on this Continent, as far Southward as *Virginia*, all which I immediately forwarded by Land Expreſſes to thoſe ſeveral Governments

The Contents of his Grace's Letter to me, which I ſhall order the Secretary to lay before you, are of ſuch Importance to the Intereſts of this and the other Governments concerned in 'em, that I am fully perſuaded they will engage your cloſeſt and ſpeedieſt Attention, and put you upon taking the moſt vigorous Meaſures to render effectual his Majeſty's gracious Deſign for eſtabliſhing the Welfare and Proſperity of his *Northern* Colonies; and I hope they will have the like Effect upon the other neighbouring Governments, to all which I have wrote upon the preſent Occaſion.

Gentlemen,

I muſt refer you for Particulars to the Advices contain'd in the Duke of *Newcaſtle*'s Letter; upon which I would obſerve to you, that a moſt happy Opportunity ſeems to be now given you by his Majeſty (if you are not wanting to yourſelves) of putting an End (under the Favour of Divine Providence) to the cruel Murders and Depredations with which our Frontiers are now ſurrounded, and have ever been harraſs'd, upon every Rupture between us and the *French*; and to the burthenſome Expence which has conſtantly attended the Government on theſe Occaſions; as alſo for laying the moſt ſolid Foundation for Peace to all the *Britiſh* Colonies for the future, and for promoting their Trade and Proſperity in every Reſpect

I hope therefore the ſeveral Governments will vie with each other in expreſſing their Duty and Gratitude to his Majeſty upon this Occaſion, and in giving Proofs of their Zeal for the common Cauſe, by effectually providing for and encouraging what his Majeſty in his paternal Care for their Intereſts has recommended to 'em. In a particular Manner I would remind you, *Gentlemen*, of the ſignal Favour of the Divine Providence upon the Operations of the laſt Year, which I think ought to encourage you to hope for Succeſs upon your future Endeavours, provided you exert the ſame Spirit which then animated you: And as it is very probable, that the other Colonies will have their Eyes upon you on this extraordinary Occaſion, I doubt not but that a juſt Regard for the Honour as well as the Intereſt of this Government, will prevail with you to ſet 'em a good Example.

I ſhall add no more upon this Head, but that as you will perceive by the Duke of *Newcaſtle*'s Letter, what Share I am to have in the Counſels upon this Affair, you may depend upon my adviſing with the moſt experienced and knowing Gentlemen in it among you, and that I ſhall very much form my Opinion by their Judgment and Advice.

I ſhall avoid, *Gentlemen*, laying any Buſineſs before you at preſent, which may interfere with your immediate Conſideration of what I have recommended to you, or is not neceſſary to be gone thro' for the promoting of it; and ſhall ſupply what I have omitted here, in reſpect of other Exigencies of the Province, by ſubſequent Meſſages from Time to Time, as the Urgency of thoſe Affairs ſhall require. But as you may be ſollicitous to know what Succeſs your Application for a Reimburſement of your Expences in the late Expedition againſt *Cape Breton* has met with, I think it proper to inform you, that tho' I have receiv'd ſeveral Letters from one of your Agents upon that Subject, yet as all of them 'till my laſt (which ſhall be communicated to you) contain'd only Accounts of the Diſadvantages the Province lay under as to their Demand, for Want of the Services of the *New England* Troops in the Reduction of *Louiſbourg* being fully known, whereby it happened that the Merit of 'em (upon which the Merit likewiſe of the Colonies concern'd in that Expedition, it is reaſonable to think, will be chiefly eſtimated by the Miniſtry) has been moſt ſurprizingly diminiſh'd, diſguiſ'd and conceal'd, and the Laying before you theſe Accounts could have had no other Effect than to give you a fruitleſs Concern and Uneaſineſs, I forbore doing it, and choſe to wait for more agreeable Accounts; which, I have the Pleaſure to acquaint you, I received by the laſt Ship from *London*, and find that ſince the Arrival in *England* of the Repreſentation of the Behaviour of the Land-Forces, and the Share they had in making the late valuable Acquiſition to the *Britiſh* Dominions, which I ſent from *Louiſbourg* to be laid before his Majeſty, your Demand has taken a more favourable Turn, and there is now a moſt promiſing Proſpect of your ſucceeding in it, and of our retrieving the Honour of the *New England* Land Forces, and the Opinion of the Merit of the Colonies concern'd in the late Expedition, which is juſtly due to them. I have the Satisfaction alſo to acquaint you, that the Levies now raiſing for the Regiment under my Command, have anſwer'd my Expectations declar'd to the late Aſſembly; there being now, I believe, about 600 of them at *Louiſbourg*, and upwards of 100 more which will be upon Duty there in a few Days; and by the Accounts I have of Sir *William Pepperell*'s Services, he has or will very ſoon have about 500 Soldiers of his Regiment in Garriſon there likewiſe; and it is a particular Satisfaction to me to conſider, that by the Method which I have purſued for reinforcing that Garriſon, inſtead of that propoſed by the laſt Aſſembly and Council, I have ſav'd 17,000 *l. Sterling*, greatly promoted the Levies for the two Regiments, ſtrengthen'd the Garriſon more than it would otherwiſe have been, and made Way for the diſcharging of ſuch of the *New England* Forces, as are deſirous of returning to their Homes.

I have alſo to inform you, that all the Soldiers ſent from this Government to his Majeſty's Garriſon at *Annapolis Royal*, for the Protection and Defence of it upwards of a Year and an half ago, have been diſmiſſed from that Service, purſuant to my Proclamation for their Encouragement to enliſt into it, and are returned Home in good Health and Spirits, except a very few who were taken Priſoners, and died, and deſerted there, and 20 more who have voluntarily re enliſted into Capt. *Gorham*'s Company, which is ſtill continued at the Garriſon; and I have taken Care to ſatisfy all their juſt Demands for their Service. And ſome of the Papers which will be laid before you by the Secretary, will inform you of the Progreſs made in retaining the *Six* Nations in their Fidelity to his Majeſty, and engaging them in an actual War againſt his Majeſty's Enemies (in purſuance of the Reſolution of the laſt General Court) an Event moſt ardently to be wiſh'd for, and ſecur'd by all poſſible Means at this Juncture.

Gentlemen of the Houſe of Repreſentatives,

I doubt not of your moſt readily making a Supply, ſuitable to the preſent Occaſions of the Government; and I muſt in a particular Manner recommend it to you, and the Gentlemen of the

Council,

Council to proceed with the greateſt Unanimity and Diſpatch; and if any Thing ſhall occur to you, beſides what I have mentioned, for His Majeſty's Service, and the Intereſt of the Province, I ſhall moſt readily concur with you in it; and particularly if it lies in my Power (as I flatter myſelf it may) to promote in any Meaſure the Succeſs of your Application now depending for a Reimburſement of your Expences in the late Expedition againſt *Cape Breton*, you may rely upon my uſing my good Offices for the Province in that Matter, which I have extremely at Heart. *WILLIAM SHIRLEY.*

Yeſterday his Majeſty's Snow the *Hinchinbrook*, ſail'd with a fair Wind for *Louiſbourg*.

We hear our General Court has voted to raiſe 3000 Men with all Expedition for his Majeſty's Service. We hear alſo that all the Commiſſions are to be diſpos'd of by his Excellency.

Newport, Rhode Iſland, June 6 The General Aſſembly have voted to raiſe 300 men for the preſent Expedition, and to ſend the Colony Sloop with 100 Men, to attend the Service.

Boſton, June 9 Since our laſt a Sloop arrived here in eight Days from *Louiſbourg*, by which we learn, that Com *Knowles* was arrived there from *England*, with two Men of War, and all the Storeſhips except one; and that the Commodore's Commiſſion appointing him Governor of *Louiſbourg &c.* had been publiſhed there.

We hear the Government of *New-Hampſhire* have voted 1000 Men for the preſent Expedition.

New York, June 9 On the 6th Inſtant his Excellency the Governor made the following Speech to both Houſes of Aſſembly.

Gentlemen of the Council and General Aſſembly.

IT has been ſignified to me, by Letter from his Grace the Duke of *Newcaſtle*, of the 9th of *April* laſt, (which I have received by Expreſs from Governor *Shirley*, an Extract whereof I ſhall order to be laid before you) that his Majeſty has been pleaſed to order an Expedition againſt the *French* ettlements in *Canada*; and I am commanded (as the other Governors of his Majeſty's Colonies are) forthwith to make the neceſſary Diſpoſitions for raiſing as many Men within my Government, as the Shortneſs of the Time will permit, to be employed in Concert with His Majeſty's regular Forces, on this important Service

It is his Majeſty's Intention, that the Troops to be raiſed in *North America*, ſhould conſiſt of Companies of *One Hundred* Men each; and that thoſe that ſhould be raiſed in the ſeveral Provinces of *New York, New Jerſey, Pennſylvania, Maryland* and *Virginia*, be formed into one Corps, to be commanded by Mr. *GOOCH*, Lieutenant Governor of *Virginia*, whom the King has been pleaſed on this Occaſion to promote to the Rank of a Brigadier General.

The happy Conſequences, which will redound to his Majeſty's Colonies on this Continent; the Advantage of the common Cauſe, and the *Britiſh* Intereſt in general, from the Succeſs of ſuch an Enterprize, muſt be thought of Weight ſufficient to inſpire every loyal Breaſt, and true Lover of his Country, with a ſuitable Zeal and Reſolution, for contributing the utmoſt in their Power towards the Accompliſhment of the preſent Undertaking

Gentlemen of the General Aſſembly,

In Conſequence of what I have now mentioned, I muſt recommend it to you, in the moſt earneſt Manner, to make ample Proviſion, and that with the greateſt Diſpatch you poſſibly can, to enable me effectually to anſwer his Majeſty Expectations, from his loyal Subjects of this Province; that we may ſignalize ourſelves in the Part his Majeſty expects we ſhould bear, in this intended Service It is with the greateſt Pleaſure I have now received your Reſolve of the 25th of *February* laſt, in Anſwer to Mr. *Shirley*'s Letter of the 13th of *January* preceeding wherein you have expreſſed yourſelves with a becoming Warmth and Heartineſs, That if his moſt gracious Majeſty ſhould think fit to undertake the Expedition therein mentioned, this Colony would chearfully contribute any Thing in it's Power, for the vigorous Proſecution of ſuch an Enterprize; which leaves no room for Doubt, as you have now the Opportunity offered, that you will Act with a Spirit and Reſolution becoming the Importance of the preſent Occaſion.

Gentlemen of the Council,

I am perfectly aſſured alſo, that you will co operate with the General Aſſembly, with your uſual Ardour for his Majeſty's Honour and Service, and that nothing will be wanting on your Parts, for the Advancement of this common Cauſe,

Gentlemen of the Council and General Aſſembly,

I am perfectly ſatisfied, that it is needleſs for me to recommend the cultivating an Union and Harmony amongſt you, upon a Subject ſo agreeable to all your Inclinations: His Majeſty's paternal Care of his remoteſt Subjects, has been always remarkable, during the whole Series of his auſpicious Reign upon this important Occaſion; and his Majeſty having been pleaſed to take into his Royal Conſideration the Dangers theſe Colonies have conſtantly been expoſed to, from the Encroachments and Inſults of the Subjects of the *French* King; has been graciouſly diſpoſed to ſet on Foot an Expedition, the Succeſs whereof will free you and your Poſterity from that Danger, and the heavy Expence attending it: This Inſtance of his Royal Goodneſs and Tenderneſs towards you, cannot, and I am perſuaded, will not, fail of meeting with all due Returns of Duty, Loyalty and Gratitude.

GEORGE CLINTON.

Extract of a Letter from New London dated May 15.

"We are informed, that the *French* in *Canada* have kept by them all the Beaver and Furrs of laſt Year's Trade, for Fear it ſhould fall into the Hands of the *Engliſh* Men of War, who, they knew, have kept a good Lookout for them, as they do at preſent; and when the Trade of this Year ſhall be added thereto, which will be in *July* or *Auguſt* next, that Article will amount, upon a moderate Computation, to £ 400,000 *Sterling*, which, with their other Riches, Church Plate, *&c* will be worth a very great Sum We are informed, that in order to divide their Intereſts, the Monſieurs have thought fit to ſtore Half of their Furrs, *&c* at *Quebeck*, the Metropolis of *Canada*; and the other Half at *Montreal*, ſituated about 60 Leagues higher up the River *St Laurence* than *Quebeck* If it ſhould pleaſe his Majeſty to order an Expedition againſt *Canada* this ſummer, the Officers and private Men will have fine plundering, in Caſe they ſucceed, of which I make no Doubt, if it is but attempted
